Independent auditor's review report on condensed interim financial statements

To,
The Shareholders
RAPCO Investment P.J.S.C
P. O. Box: 30019
Ras Al Khaimah - United Arab Emirates

Introduction

We have reviewed the accompanying condensed interim financial statements of RAPCO Investment P.J.S.C (the "Entity") which comprise the condensed interim statement of financial position as at June 30, 2024 and the condensed interim statement of profit or loss and other comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows for the six months period then ended and summary of material accounting policy information and other explanatory notes. Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34, Interim Financial Reporting (IAS 34). Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements for the six months period ended June 30, 2024 are not prepared, in all material respects, in accordance with IAS 34 Interim Financial Reporting.

Notes to the condensed interim financial statements for the six months period ended June 30, 2024 (Unaudited)

1 Legal status and business activities

1.1 **RAPCO Investment P.S.C (formerly known as "Ras Al Khaimah Poultry and Feeding Co Public JSC")** (the "Entity") is public shareholding company, facilitated under Emiri decree No. 76/8 of 1976 issued by His Highness, The Ruler of Ras Al Khaimah. The Entity was incorporated on March 11, 1978 and operates under the current commercial license no. 302 issued by Department of Economic Development of Government of Ras Al Khaimah. The shares of the Entity are traded on the Abu Dhabi Securities Exchange.

The shareholders at the Annual General Assembly meeting dated 25 April 2023, approved to change the name of the Entity from "Ras Al Khaimah Poultry & Feeding Co Public JSC" to "RAPCO Investment P.J.S.C", and to amend the article of association, however, the name change was effective from 6 June 2023.

1.2 The principal activities of the Entity are investment, institution, and management of commercial enterprises, real estate enterprises (including development), and agricultural enterprises

1.3 The address of the Entity's registered office is in Aljazirah alhamra P.O. Box: 30019, Ras Al Khaimah, United Arab Emirates.

1.4 The management is vested with Mr. Raman Garg Mahabir Saran Garg, General Manager, Indian national, under the supervision of the Board of Directors of the Entity.

1.5 These condensed interim financial statements incorporate the operating results of the Entity's license no. 302.

2 Basis of preparation

These condensed interim financial statements have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting" and is presented in Arab Emirates Dirham (AED) which is the functional currency of the Entity.

These condensed interim financial statements have been prepared on the historical cost basis except for investment properties and financial instruments that are measured at fair values.

The accounting policies and methods of computation adopted in preparing these condensed interim financial statements are consistent with those used in the audited financial statements for the year ended December 31, 2023.

All aspects of the financial risk management objectives and policies are consistent with that disclosed in the audited financial statements as at and for the year ended December 31, 2023.

These condensed interim financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the audited financial statements as at and for the year ended December 31, 2023.

The condensed result for the six months period ended June 30, 2024 is not necessarily indicative of the result that may be expected for the financial year ending December 31, 2024.

The preparation of these condensed interim financial statements require the management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, incomes and expenses. Actual results may differ from these estimates.

In preparing this condensed interim financial statements, the significant judgements made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the audited financial statements as at and for the year ended December 31, 2023.

Notes to the condensed interim financial statements for the six months period ended June 30, 2024 (Unaudited)

2 Basis of preparation (continued)

Implementation of UAE Corporation Tax law and application of IAS 12 Income Taxes

On 9 December 2022, the UAE Ministry of Finance (“MOF”) released Federal Decree-Law No 47 of 2022 on the Taxation of Corporations and Businesses, Corporate Tax Law (“CT Law”) to enact a new CT regime in the UAE. Furthermore, on 16 January 2023, a Cabinet Decision was published specifying the threshold of AED 375,000 of taxable income above which taxable entities would be subject to a 9% corporate tax rate. The new CT regime has become effective for accounting periods beginning on or after 1 June 2023.

As the Entity’s accounting year ends on 31 December, the first tax period is 1 January 2024 to 31 December 2024, with the first return to be filed on or before 30 September 2025.

The taxable income of the Entity in scope for UAE CT purposes will be subject to the rate of 9% corporate tax. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date where the Entity generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be settled with the tax authorities.

Deferred tax is accounted for using the asset and liability method. Deferred tax assets and liabilities are recognised for the full tax consequences of all temporary differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Recognition of deferred tax assets are, however, restricted to the extent that it is probable that sufficient taxable profits will be available against which the deductible temporary differences can be utilised. Deferred tax assets and liabilities are measured using tax rates that are expected to apply to the period in which the asset is expected to be realised or the liability is expected to be settled.

As per the Entity’s assessment, there is no deferred impact on account of the CT Law in the condensed interim financial statements for the period ended 30 June 2024. However, the Entity will continue to monitor the publication of subsequent decisions and related guidelines, as well as continuing its more detailed review of its financial matters, to consider any changes to this position at subsequent reporting dates.

3 Material accounting policy information

The material accounting policy information used in the preparation of condensed interim financial statements are consistent with those used in the preparation of the annual financial statements for the year ended December 31, 2023. Certain amendments to accounting standards and annual improvements, as disclosed in the Entity’s most recent annual financial statements for the year ended December 31, 2023, are applicable to the Entity but do not have any material impact on these condensed interim financial information.

3.1 Critical accounting judgements and key sources of estimation uncertainty

Valuation of unquoted investments

Valuation of unquoted equity investments is normally based on one of the following

- Current fair value of another instrument that is substantially the same;
- The expected cash flows discounted at current rates applicable for items with similar terms and risk characteristics; or
- Other valuation models.

The determination of the cash flows and discount factors for unquoted equity investments requires significant estimations. The Entity calibrates the valuation techniques periodically and tests them for validity using either prices from observable current market transactions in the same instrument or from other available observable market data.

23 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates. Underlying the definition of fair value is the presumption that the Entity is a going concern without any intention or requirement to materially curtail the scale of its operation or to undertake a transaction on adverse terms.

Fair value of financial instruments carried at amortised cost

Management considers that the carrying amounts of financial assets and financial liabilities recognised at amortised cost in the condensed interim financial statements approximate their fair values.

Valuation techniques and assumptions applied for the purposes of measuring fair value

The fair values of financial and non-financial assets and liabilities are determined using similar valuation techniques and assumptions as used in the audited annual financial statements for the year ended December 31, 2023.

The following table provides an analysis of financial and non-financial instruments that are measured subsequent to initial recognition at fair value on a recurring basis, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

24 Uncertainty related to key estimates

Fair value of investments

The fair value of equities decreases as a result of changes in the levels of equity index and the value of individual stocks. The Entity's listed equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities.

The effect on equity (fair value reserve) as a result of a change in the fair value of equity instruments quoted on the different stock exchange markets and held at FVOCI at June 30, 2024, due to reasonably possible changes in the prices of these quoted shares held by the Entity, with all other variables held constant, is as follows:
